MESSAGE #3.

The two previous secret messages were hand carried. The person who carried them did not know what he was carrying. You should recover them, since it appears that my friend UNSNAFU/9 did not know that there was anything in them. When a letter reaches the indicated person (UNSNAFU/9) by any means - hand-carried or airmail - it will always contain a message, as I have received the items necessary to communicate with you. If you must send me a message, you can do it through the same channel. It appears to me to be safer and faster than via Miami.

Advise my friend there (UNSNAFU/9) that he may lose his position if he does not act with more discretion and stop talking so much Make him understand how useful and very important he is to me.

As yet, I do not have the agreed upon in my possession.

Answer immediately and tell me whether you have recovered the previous messages
